## Medical and Immunization Information for Virtual and In person instruction for the upcoming 2020-2021 School Year

Per the Atlantic County Health Department, all required immunizations and physicals are required for ALL students prior to the start of the 2020/2021 school year. This includes both in person students and virtual students registered in the school district. Documentation needs to be received prior to the first day of school. Your child will be excluded from school if he or she doesn't get vaccinated or doesn't have a current physical. Documentation can be emailed to their respective nurse or dropped off at the Main Office Monday through Friday 7:30-1:30.

### EHCCS:

All incoming 6 th grade students need to have their Tdap and Meningococcal immunizations.

### SPRAGG:

All new students registering in the district for PRE-K and Kindergarten are required to have all immunizations up to date as well as a current physical provided. If your child was in Pre School last year, they are required to have their 5 year boosters prior to the start of school. If you received a letter from Mrs. Baggstrom regarding immunization this summer, those immunizations are required before your child can start school. Please email your updated information to the email below or drop it off at the Spragg school Monday through Friday 7:30am-1:30pm.
